SDS must be read before opening the product.

Use chemical resistant gloves when handling Efflorescence cleaner.

TEST ON A SMALL INCONSPICUOUS AREA FIRST – check for colour stability and the desired result.

Prepare surfaces area: Sweep vacuum or wipe surface.

Preparation of Solution: Depending on the tiles or stone/paver the level of contamination, mix the Rodaux Efflorescence cleaner 1 part to 15 part to water or as follows.

- Concrete/clay pavers: 1 part **Rodaux Efflorescence** cleaner to 20 parts water.
- Tiles/granite/sandstone/basalt: 1 part **Rodaux Efflorescence** cleaner to 10 parts.

Directions for Use

1. Pre-Wet Surface.
2. Apply the solution carefully with a synthetic mop or pump sprayer.
3. If necessary agitate using nylon scrubbing pad or rotary scrubbing machine with nylon bristles to.
4. Help breakdown efflorescence.
5. Do not let the solution dry, apply more water to keep it wet.
(If concrete is being cleaned, do not leave the Efflorescence cleaner on for longer than 3-5 minutes as it will discolour pavers if left on too long).
6. Rinse with water or neutral bright to fully neutralise the Rodaux efflorescence cleaner to remove any residue. Repeat if necessary.
7. Completely allow surface to dry before applying Rodaux sealers.

Precautions

- **Test First:** Due to the nature of different surfaces, always do a test first in an inconspicuous area to determine surface colour stability and desired results.
- Do not mix with any other chemicals, especially ammonia based products as it will result in harmful fumes.
- Wash thoroughly after handling.
- Refer to SDS for additional information.
- Wash everything after use. Keep away from carpets, treated metal surfaces and protect all other house hold furnishing from contact with acid. Do not use on stones sensitive to such as Marble, Terrazzo ,certain types of slate, Metallic Glazed tiles and limestone.
- Provide good ventilation, such as opening windows and doors.

Safety

Refer to the Safety Data Sheet before handling, opening or using this product.
