# NON-ACIDIC CREAM CLEANSER

---

## FEATURE & BENEFITS

- Removes most marks such as pencil, scuff and tyre marks
- Safe to use on most hard surfaces
- Easily removes soap scum, grease and general soiling
- Can also be used as Wax Remover
- Safe non-acidic formula

## SUITABLE FOR:

- Glazed & Unglazed Surfaces
- Natural Stone
- Tile & Masonry Surfaces
- Concrete & Clay Pavers
- Porcelain Tiles
- Grout joints

## SAFETY

Refer to the Safety Data Sheet before handling, opening or using this product.

## PRODUCT DESCRIPTION

Stone Cream Cleanser is a non-acidic formula that removes any marks from tiles and natural stones, it is also safe to use on polished surfaces. Due to the low grit particles used it cleans the surface efficiently without harming it.

## PACKAGING:

- 500 ml

## PRECAUTIONS

- **Test First:** Due to the nature of different surfaces, always do a test first in an inconspicuous area to determine surface colour stability and desired results.
- Do not mix with any other chemicals.
- Wash hands thoroughly after handling.
- Refer to SDS for additional information.
- Avoid prolonged rubbing in one spot
- Not for use on reconstituted stone

## **DIRECTIONS FOR USE**

**SDS must be read before opening the product.**

**TEST FIRST - On a small inconspicuous area to determine desired results.**

**Prepare surface area:** sweep vacuum or wipe surfaces

For spot cleaning apply Rodaux stone cleanser to a damp cloth or sponge and apply to the area scrub or wipe until mark is removed.

To clean large area apply appropriate amount directly to the tile floor and add water, with a suitable mop or scour pad agitate the cleaner over the targeted area.

Remove excess cleaning solution with water, rinse thoroughly. Repeat if necessary

Avoid prolonged rubbing in one spot. Always confirm surfaces suitability before use.

## **ADVANCE NOTICE**

The information provided in this Technical Bulletin is based on the present state of our best knowledge. The information herein is of a general nature, no assumption can be made as to a products suitability for a particular use of application. The owner / applicator is responsible for checking the suitability of products for their intended use. Suggestion made by Rodaux Surface Care either verbally or in writing may be followed, changed or dismissed at their discretion as the owner/applicator is responsible for carrying out the specific procedure appropriate to the intended application of the surface. Technical Bulletin is subject to change without notice, therefore all applicators should ensure they have current information.
