- Biodegradable & phosphate free
- Safe on food preparation areas

## SUITABLE FOR:

- Glazed & Unglazed Surfaces
- Natural Stone
- Tile & Masonry Surfaces
- Porcelain Tiles
- Grout joints

## DIRECTIONS FOR USE

**SDS must be read before opening the product.**

**TEST FIRST - On a small inconspicuous area to determine desired results.**

1. Rotate nozzle to "on" position
2. Spray surface and wipe with a clean cloth
3. For heavily soiled areas, repeat as necessary

## PRODUCT DESCRIPTION

Stone & tile spray cleaner is an easy to use spray cleaner, simply spray and wipe. The spray cleaner is recommended for everyday cleaning and is safe for food preparation areas as it is biodegradable and phosphate free. It is suitable for all surfaces.

## PACKAGING:

- 500 ml

## PRECAUTIONS

- **Test First:** Due to the nature of different surfaces, always do a test first in an inconspicuous area to determine surface colour stability and desired results.
- Do not mix with any other chemicals.
- Wash hands thoroughly after handling.
- Refer to SDS for additional information.

## **SAFETY**

Refer to the Safety Data Sheet before handling, opening or using this product.

## **ADVANCE NOTICE**

The information provided in this Technical Bulletin is based on the present state of our best knowledge. The information herein is of a general nature, no assumption can be made as to a products suitability for a particular use of application. The owner / applicator is responsible for checking the suitability of products for their intended use. Suggestion made by Rodaux Surface Care either verbally or in writing may be followed, changed or dismissed at their discretion as the owner/applicator is responsible for carrying out the specific procedure appropriate to the intended application of the surface. Technical Bulleting is subject to change without notice, therefore all applicators should ensure they have current information.
